

The FunAir Lagoon Pool is an ultra compact and lightweight netted pool designed specifically to continue the fun without the worry of uninvited critters. Guest will enjoy the piece of mind and protection provided by knitted jellyfish net perimeter.

Lagoon Pool

COMPACT DESIGN

30cm tubes that afford rigid support and tighter pack size than traditional SeaPools support the netting.

PREMIUM NETTING

Provides a barrier from the unwanted creatures in the sea.

ADJUSTABLE WEIGHT SYSTEM

Tethered weight bags that can be recovered without entering the water. Different amounts of client provided soft weights can be added to meet the conditions of the day.

MATERIAL SPECS

Commercial grade 1000 denier PVC with FR and UV ratings
316 stainless steel, reinforced crew-lifting handles, commercial grade rip stop netting.
